CAUTION - EXTERNAL:

to Mr. Thomas M. Horan

Dear Mr. Judge,

I hope and ask you not to forget about the small investors.

We still believe in this green environmental technology technology and don't want to lose our shares. I invested my entire fortune because I wanted to support environmentally friendly technology. Personally, I invested my entire fortune and pension in this company because I wanted to invest in a clean environment and believed in the company's promises.

Now I'm bankrupt.

Please don't support the big rich money-oriented managers and hedge funds that get rich at the expense of small investors.

The patents and molecule production will be very valuable in the future.
